

# School Social Work Services

## A Note from Mrs. Wetzel

Schedule  
& Contact

Welcome to the 2016-2017 school year! I would like to do all that I can to help make this a successful year for your child and family. As your School Social Worker, I will be providing support for students through school-wide and classroom lessons, as well as small groups and individual counseling. Crisis Connection will also be facilitating classroom guidance lessons again this year. Please check out my webpage for more information and updates throughout the school year. Please don't hesitate to contact me if I can assist your child or family. If you have a concern or would like to give permission for your child to participate in a support group, please cut off and return the form below.

Thank you and I look forward to working with you and your child this year!
